

Law Library: Making a case for quality

The Challenge

A prestigious Vancouver law firm, asked their interior design team for a corporate library that would leave a strong, lasting impression with clients. It needed to reflect **Quality, Strength, Order** and **Efficiency**; could the corporate image be reflected in the library? And as a kicker, it had to fit into half the space it presently occupied!

The Solution

Mizer mobile shelving was selected as the solution.

1. **Quality:** Lifetime warranty and superb craftsmanship. Finished in powder paint and European wood end panels to match the millwork throughout the floors.
2. **Strength:** Manufactured to meet the stringent seismic codes of Vancouver, BC.
3. **Order:** Everything in its place and a place for everything. The combination of adjustable cantilever shelving, with adjustable dividers, allows for multiple storage configurations.
4. **Efficiency:** Reduced the footprint of the library by 60%. Compacting the book stacks saved valuable dollars on the leased space.
